Clues to plaques 1 – 20 on the King Alfred's Trail, Pewsey

Plaque No.	Walk No. (colour coded as leaflet)	Location clue	Image to collect
1	1 red	I'm near the village and just a hop and leap from the Scotchel nature reserve. Look out for me near the entrance.	Frog
2	1 red	You'll find me where walkers cross the river that runs through the Scotchel and I'll tell you about the birds and other insects that live near by.	Spider
3	1 red	Don't leave the nature reserve but take a break on a comfy bench and listen to me buzzing around the riverbank.	Bee
4	1 red	It's quite a steep path by a busy road but you can stop on a seat close to me and catch your breath – you can even read the history of the Pewsey carnival!	Bare tree
5	1 red	You'll find me near the water's edge where the history of Pewsey Wharf is pictured for all to see (I'm the only one without a number!)	Horse & cart
6	1 red	Don't forget to stop for some light refreshment by the water before the path takes you eastward. I'm at the bottom of the blue steps and you'll need to look closely.	Duck
7	4 purple	I'm at the entrance to a Wiltshire Wildlife Trust reserve just past the first bridge. Eyes right or you'll miss me!	Fish
8	4 purple	You've walked a long way to find me and now you're leaving the water to walk into the countryside.	Heron
9	4 purple	You found a fish on my other gate and now you can enjoy more wildlife from the other side of the reserve.	Dragonflies
10	4 purple	This can be a muddy path back to the village, watch out for trains passing overhead! You'll find me where the path opens out near the houses.	Bullrushes
11	4 purple	Need a newspaper, some sweets or a drink? You'll find me on a shop selling all these items. If you're clever you'll find plaque 13 close by!	Kingfisher
12	4 purple	Call in and buy your lunch or your supper perhaps from this 'super' store, there's a really good car park nearby. I'm very close to the large red post box!	Bat
13	4 purple	If you missed me after plaque 11, retrace your steps and you'll find me where all the artists gather to show off their work.	Grasshopper
14	4 purple	My name is also the name of a 'regal' hostelry in the village serving ale! You'll find me near the front door and attached to the building.	Oak tree & acorn
15	2 yellow	You've come a long way to the west of the Wharf, and now you've got to cross the road to continue your journey. Look out for me before you reach the road. Be careful not to step back to admire your work!!	Ant

16	2 yellow	Close to a picturesque village green and pretty cottages in Wilcot you'll find both rest and refreshment where I reside.	Swan
17	3 blue	You'll find me between Little Abbots and the railway bridge, but you'll need to look carefully along the hedgerows. Keep your eyes peeled when you reach the entrance to a field on your right.	Rosehips
18	3 blue	Cross the railway bridge and you'll find there are plenty of my sort by the little green, but I'm right in the middle!	Tall tree
19	3 blue	Turn right by a pretty little thatched cottage to head back to the village and I'll be looking down on you from the bank.	Corn stook
20	3 blue	I don't live in the houses but along the path that looks across at the Pewsey White Horse.	Beetle
