

Building Business Together

VisitWiltshire is the Destination Marketing Organisation for Wiltshire and represents 500+ tourism businesses across the county. We attract 20 million visitors a year, and Wiltshire's visitor economy currently generates c.£1.5bn and supports over 29,000 jobs¹. VisitWiltshire's priority is to grow our visitor economy by raising awareness of the destination and generating additional visits and spend.

In 2017, VisitWiltshire secured £1m funding from the Discover England Fund to create a new long distance route from London to Bristol - **Great West Way**[®]. Because of Wiltshire's key location the county plays a pivotal role in Great West Way activity so VisitWiltshire's partners are gaining real benefit from the extra profile and coverage the Great West Way is receiving.

Your business can be part of this additional interest and there's never been a better time to work with us. In challenging times there is strength in numbers and working together increases returns. As one of our partners you will help create a single amplified voice that ensures Wiltshire continues to stand out in a busy marketplace.

By working together we can all benefit from increased visitor numbers and spend
